TJCII Now Generation meeting with Mary Paul Friemel (Texas/Austria), Debora Cabral (Brazil) and Marcos Marsal (Argentina)

### TJCII Now Generation International Developments

At the end of 2020 Eval Friedman and Mary Paul Friemel, leaders of TJCII Now

At the end of 2020, Eyal Friedman and Mary Paul Homer, leaders of TJCII Now Generation, virtually gathered a group of younger people from 23 different nations and every continent. They met to know one another, share, and pray. There was a great excitement as we heard different stories of TJCII experiences in the various nations, and how the Lord has been working in us in the areas of Israel, unity, and the preparation of the Bride for the glorious return of the Lord.

After these meetings, Eyal and Mary Paul realized that it would be good to have a more intimate meeting with representatives of the different continents to discern, together the Lord's direction, for an International Now Generation group. Until now, we have met twice with this smaller group to discuss more and pray. We feel the Lord leading us to invest time to know one another more deeply and to develop our internal relationship. However, this is not to remain in an isolated bubble. Rather, in fellowship with one another and with our Messiah and Saviour, we want to reach out to others in our generations and to the next generation, through a series of webinars.

We are longing for the day when we might meet face to face!

The purpose of this Now Generation network is this – to network, encourage one another, grow together, and discern together how we can continue to bring this vision of TJCII to our own generation and to the next. Please pray for us as we continue this journey, together with all our brothers and sisters from every generation in TJCII!

#### Prayer Intentions:

- For the Lord's leading and protection of this "new" international group of Now Generation.
- For a great unity as we work together with national and international leaders.
- For prayers as we plan the series of Now Generation Webinars.
